Fiat Coupe 16V

A low mileage and lower owner 16v Model

An appealing and quirky Sports Coupe from the Italians, this three owner from new Coupe has been well looked after. The interior is in good condition with full black leather seats.

First launched at the Brussels motor show in 1993, and was notable for its striking Chris Bangle-penned body styling and beautiful Pininfarina interior. It was based on the Fiat Tipo platform, and like all of its sisters, was great to drive, with excellent handling and incisive steering….but with much more vroom.

- The service history is metronomic, and the car has done on average no more than 2000 miles every year, yet has always been serviced.
