

# Daimler XJ40

## Low mileage 3.6 Daimler saloon

The rarer Daimler version with usual Daimler trinkets such as picnic tables and heated seats. This car has been little used in recent years but has an impressive previous service history.

The car has seen some recommissioning by ourselves, and is supplied with a new MOT. The roof headlining has been done (ex sunroof for which fabric is supplied) plus two new original tyres

The wood is not great in places, but the seats are good so some interior tlc required
