

Fiat Coupe 20v Turbo

An appealing and quirky Sports Coupe from the Italians

This two owner from new Coupe Turbo has just been professionally refurbished to a high standard including a comprehensive respray. The interior is in super condition with full black leather seats. The last owner has owned since 2000.

First launched at the Brussels motor show in 1993, and was notable for its striking Chris Bangle-penned body styling and beautiful Pininfarina interior. It was based on the Fiat Tipo platform, and like all of its sisters, was great to drive, with excellent handling and incisive with more vroom

This one is brilliant turbo model, which pushed out 220bhp. It was this car that really put the Coupe on the map, with a 0-60mph time of around six seconds and a maximum speed of 155mph. It was arguably the fastest front-wheel drive car on the market at the time.

Real drivers car with Viscodrive and enhanced braking system, Recaro full leather seats plus high specification.

Good history with some major services including the cambelt at 65000 miles and another 200 miles ago
