

MGC GT

Rare MGC GT - with significant restoration

A 1969 registered UK market car finished in gleaming Tartan Red with black leather interior and a manual gearbox + overdrive. The MGC has more recently benefited from a detailed and costly restoration courtesy of a highly regarded marque specialist, and now presents extremely nicely in its original colour scheme with new chromed wire wheels, refurbished leather seats and polished wood dash.

Accompanying this lovely MGC is a file of work carried out during restoration, invoices for servicing and parts acquired, Heritage Certificate, current V5C and recent MoT certificate. The car has a modern radio, overdrive and period driving lights. 4458 GTs were originally made with only about 500 still on the road today.

A truly superb example of this rare 2912 cc straight six grand tourer

This car has done about 7000 miles in the last 17 years

Full Restoration work in 2020/ 21/ 22 by AJ restorations (MG specialists) at a cost of £21700! – pictorial evidence is documented and available – some of which are shown
