

Porsche 997 Carrera

More of a 911- a modern classic

Porsche know their history and so do their customers and the design of the 997's cabin pays homage to Porsches of the past. The quality of materials, however, is like no 911 built to date

Under that sleek bodywork there's a bigger, punchier engine than the 996, It's still a flat six developing a thrilling 321bhp and a top speed of 182 mph from its 3.6 litre powerplant

Service history

- 8539 miles
- 16085 miles
- 25071 miles
- 33460 miles
- 35100 miles

- 46470 miles
- 54446 miles
- 55777 miles

Mot'd until August 2024
