

Range Rover Classic Vogue SE -V8

Late Model Range Rover Classic Vogue SE significantly renovated

This 1994 Soft Dash model is exceptional having benefitted from £25000 + expenditure; £11,000 of which was spent on the chassis and bodywork. Some of the work was undertaken by Range Rover specialists 'Kingsley Re-Engineered'

Classic Car Buyer featured the car in its publication concluding **"One of finest examples of its type"**

The history and maintenance is good and it averages out at a service period of about every 2200 miles. The car is in good mechanical order including the suspension

This 1994 Soft Dash model is an exceptional example having benefitted from £25000 + of expenditure; £11,000 of which was spent on the chassis and bodywork only 10,000 miles ago. Some of this work has been undertaken by renowned Range Rover and Land Rover specialist Kingsley Re-Engineered. It even has the special ergonomic and weighty Kingsley ignition key.

Inside has been retrimmed with special tweed wool trimming (must be the only one) a premium Sound system and new speakers, new wood and the leather seats are in great condition too.

Steel electric sunroof, Air Conditioning, Air suspension (yes it works!) Cruise Control, Electric Heated seats

Stainless Steel exhaust from Famous Four

Neon Headlights (originals available)
