

Triumph TR6 (150PS)

TR6 in Damson with hard top

This 150PS Triumph TR6 (CP) has been cared for by the last owner since 1979 and as a 1972 car has subsequently a very small number of owners.

The car was fully rebuilt in 1988/ 9 by a Triumph TR specialist at significant cost for the time and has done less than 10, 000 miles since. the car has been historically been well maintained over the years. More recently we are in the process of recommissioning her and providing a new

The car is also supplied with roof tonneau and a hard top
