

# VW Beetle - "Clementine"

Just recomissioned from our long term collection, last owner in 2011

Retrimmed seats, new carpets, minor paintwork, replacement steering wheel

Whilst V5 identifies as 1200cc the engine code is AB relates to 1300cc as does badge and Ivor Searle paperwork supports

Lots of parts invoices between 2014 and 2018 such as new wings, floor pans, door cards and a raft of mechanical from clutch to fuel pump, plus interestingly a 1600cc top end rebuild kit.

Bright and cheerie not concours but reasonable
